PROFESSIONAL SUMMARY

Detail-oriented Computer Science professional with experience in full-stack web development, software engineering, and database management. Skilled in building responsive and secure web applications using React, TypeScript, Node.js, Express.js, and MySQL. Passionate about solving real-world problems through modern technologies and developing scalable software solutions.

TECHNICAL SKILLS

Languages

- JavaScript
- TypeScript
- Python
- SQL
- HTML & CSS

Frontend

- React.js
- Tailwind CSS
- Responsive Design
- React Router DOM

Backend

- Node.js
- Express.js
- REST APIs
- JWT Authentication

Database & Tools

- MySQL
- Git & GitHub
- Postman
- VS Code

PROJECTS

Library Management System

Developed a full-stack library management application with features for managing books, users, borrowing records, and returns. Integrated MySQL database and backend APIs for efficient data handling.

Technologies: React, TypeScript, Express.js, MySQL

Task Manager Application

Built a responsive task management application with authentication, protected routes, and backend integration. Designed user-friendly interfaces and implemented secure login functionality.

Technologies: React, TypeScript, Node.js, Express.js

Portfolio Website

Designed and developed a modern personal portfolio website to showcase projects, technical skills, and professional experience with responsive layouts and clean UI design.

Technologies: React, Tailwind CSS

EXPERIENCE

Full-Stack Web Developer

Freelance / Personal Projects | 2024 – Present

- Developed responsive web applications and REST APIs
- Integrated frontend and backend systems
- Implemented authentication and database functionality
- Improved user experience through clean and modern UI design

EDUCATION

Bachelor of Computer Science

University of Hargeisa

SOFT SKILLS

- Problem Solving
- Communication
- Teamwork
- Time Management
- Critical Thinking

INTERESTS

- Artificial Intelligence
- Web Development
- Software Engineering
- Technology Innovation
